FOP Australia Code of Conduct

FOP Australia values the following principles, and expects all actions undertaken within or on behalf of the organisation demonstrate the following:

1 **Respect**

We value the efforts, ideas, skills and time of all those working towards positive outcomes for people with FOP. Together we create an environment where people feel supported to share thoughts, work, and concerns.

2 **Accountability**

We commit to responsible stewardship of all resources (human, material, and financial) and demonstrate this through careful and considerate use of time, effort or money invested in FOP Australia.

3 **Integrity**

We work in a conscientious, honest and professional manner and remain guided by the needs of people with FOP.

4 **Equity**

We work hard to ensure each person with FOP in Australia has fair access to resources and opportunities. We also demonstrate this principle through fair and just treatment of each other.

This standard of conduct should be maintained in all communications, whether verbal, written or in person. Acting within this code of conduct is a condition of participating as a board member, subcommittee member or representative of FOP Australia.
